

Dear Parent/Carer

Firstly, can I thank all those who have participated in our parental survey so far. Your feedback has been very valuable to us. Where we can help in relation to individual requests we will be in touch soon. In the meantime, we will leave the survey open until next Wednesday should anyone else like to take part. The survey link is:

<https://www.surveymonkey.co.uk/r/KAhomelearningsurvey2020>

Early next week, I will provide you and our pupils with information about moving to the next stage of learning, with pupils effectively moving up a year from Tuesday 26th May. We have listened to your feedback and, as a result, to make things more straightforward we have decided to try to move all online learning to MS Teams to ensure consistency across all subjects and year groups. Over the next week pupils will be placed into MS Teams for their new subjects. Furthermore, I will issue a schedule detailing when weekly work will be issued for each year group in each subject. Should anyone not be able to access online learning please let us know and we will be in touch to help.

Last week I told you pupils could collect new jotters from the school and I'm delighted some have done so this week. Next week, jotters can be collected on Monday and Wednesday between 10.00am and 11.00am however, not on Friday as previously advised due to the mid-term holiday.

Finally, this is a reminder that Friday 22nd and Monday 25th May are school holidays and pupils should take that opportunity to have a break from school work and prepare for moving up a year following the break.

Stay home, stay safe and take care.

Gregg Orrock
Head Teacher
